

April 7, 2026

Dear Shareholders,

It is with immense pride and electrifying excitement that I announce a groundbreaking milestone for our company. Beginning June 1, 2026, we will launch our very first profit-tokenization initiative, centered on the exceptional property located on West Bay Street, Nassau, Bahamas.

This pioneering operation stands as a testament to our ambition, innovation, and unwavering commitment to leading at the forefront of transformative financial opportunities. The full details of this meticulously engineered initiative—crafted by our distinguished team of professionals—will be unveiled shortly as we enter the pre-launch phase.

Allow me to once again extend my deepest gratitude for the confidence you have placed in my leadership. Together, we are not merely embracing the future—we are defining it with boldness and vision.

With my best regards,

Giuseppe Zeno
President
