

April 9, 2026

Dear Shareholders,

As you are all well aware, this is the time of year when the Chief Executive Officers of the world's largest multinational corporations—including those in the financial sector—address their shareholders the economic and financial standing of their companies, while also providing guidance on the future direction of their enterprises.

The most prominent figures in international finance, such as Larry Fink, Jamie Dimon, Elon Musk, and others, have made significant statements regarding the glorious future of the tokenization market.

These declarations represent a most encouraging signal for the very market in which Beepart Ltd. is already operating with remarkable success.

I am therefore delighted to share this information with you, as it further reinforces the strategic initiatives into which Beepart Ltd. is investing its most substantial capital resources.

Allow me to once again express my gratitude for the trust you have placed in me by appointing me to lead your company.

With my best regards,

Giuseppe Zeno
President
